The Fleetguard LF14001NN: Trusted OEM Filtration for Cummins® X12 & X15 Engines

The Fleetguard LF14001NN
Trusted OEM Filtration for Cummins® X12 & X15 Engines

Money-Saving Technology
The unique design of the Fleetguard LF14001NN delivers powerful benefits that positively impact your bottom line:

- Greater Fuel Efficiency
- Increased Engine Protection
- Increased Service Life
- Extended service up to 100,000 miles for traditional service intervals

How it works
The Money-Saver Technology 1-Media system combines 3 media elements, with each one able to do its job and others do not have to compete for space in the media.

Saves Over \$7.5 Million in Fuel Costs

3 MILLION GALLONS
of Fuel, 300,000 Gallons of Oil

Eliminated Over 30 Metric Tons of CO₂

Built by the Best Name
The LF14001NN is designed to meet the demands of the toughest applications. The only filter designed with a 1-Media system. The only filter in the world to combine your investment in your equipment with the best filtration technology available. The Cummins X12 & X15 engines are designed to meet the toughest applications and requirements.

Backed by the Best Warranty
Only one warranty offers the best value savings. All the benefits you need to know that the cost of a warranty through the manufacturer is the best of the best. Working with the best of the best.
