

Fleetguard[®] FS20083 Fuel Filter Elements for DAVCO[®] Fuel Pro[®] 485 Fuel Processors

Genuine Filtration Solutions.

Specifically designed to meet the needs of Cummins[®] ISX as well as Detroit[™] DD13[™], DD15[™], and DD16[™] engines, the Fleetguard FS20083 is a direct replacement for your OEM fuel filter element found in DAVCO[®] Fuel Pro[®] 485 fuel processor housings.

The new Fleetguard fuel filter element offers a three-stage water removal architecture to combat the severe challenges of water in diesel fuel commonly faced by equipment operators today.

OEM Part Number	Fleetguard Part Number	Dimensions
A0000905051	FS20083	209.47mm x 154.37mm

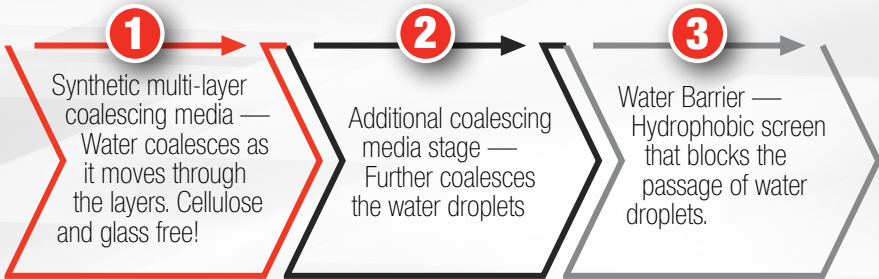

The FS20083 meets Cummins specifications for ISX and X engines, as well as DTNA specifications for DD13, DD15 and DD16 engines.

ADVANCED WATER REMOVAL

To meet engine manufacturers' requirements of high water removal efficiency in severe water-in-fuel conditions, the latest Fleetguard advanced fuel/water separation architecture has been utilized for maximum protection.

Best Warranty in the Business.

Fleetguard products ensure equipment performance and protection that meets or exceeds OE specifications. Rest assured your filtration system is covered with the Cummins Filtration non-prorated warranty.
