

Fleetguard[®]

Fleetguard Filtration Solutions for the Oil & Gas Industry

Reliable efficiency from a name you can trust

Filtration for All Makes

Whether you need filtration for your Cummins QSK50, Caterpillar 3512, or any other engine in the market, Cummins Filtration has you covered. With the largest offering of filters for all makes and applications, you can depend on Fleetguard to find the solution most appropriate to your equipment

The Fleetguard Advantage

As the only filter company that's part of an engine company, we know what it really takes to keep any engine safe and running to maximize your time and budget. Other filters may be less expensive, but our unique insight allows us to deliver the lowest cost of ownership over the life of your equipment
