### How it works

Our filter technology features 2-in-1 media to optimize performance in real-world conditions, which puts less strain on the engine and enables the most fuel savings by any lube filter on the market.

**1) StrataPore® Media**  
Removes larger particles upon engine start-up for immediate protection.

**2) NanoNet® Media**  
Removes smaller, fine particles to prevent long-term engine wear.

## Built by the Best Name

The LF14002NN is designed by engineers at Cummins Filtration, the only filter company that's part of an engine company. We know what it takes to maximize your investment in your equipment. In fact, it's the only filter engineered and validated by Cummins to meet their stringent engine test requirements.

## Backed by the Best Warranty

Unlike our competitors who offer pro-rated coverage, our full warranty protection extends from the point of purchase throughout the recommended service life of the product.

**Nothing Guards Like Fleetguard!**
